To Marrowstone Property Owners -

The PUD sent a letter last Tuesday seeking property owners who had not yet responded to an initial mailing regarding assessments for hooking up to the water line on Marrowstone Island. We inadvertently sent letters to those who had already requested a partial assessment (property owners not interested in hooking up to water, but would pay the minimum assessment). We apologize for the confusion this mailing error may have caused. Below is a list of property parcel numbers of those who have indicated they want a partial assessment. If you find your parcel number listed, it indicates that we have you listed as a "partial assessment". You do not need to contact us unless you have changed your mind.
